Application for Measure J Committee

I would like to be on the CBOC because I think it is important that the Bay Point Community have representation on the committee. There is a perception that Bay Point needs are not always given due consideration. I have worked as a Park Foreman so I have experience in construction and maintenance as well as experience in request for proposals and the bidding process. I also served on the Bay Point Project Area Committee which oversaw a large budget and worked with many developers and county agencies to successfully complete projects in our community.

Thank you for your consideration.
